gress Why the United

Adequately Prepared for
Defense—Speech Will Be
Delivered Before Manhat-
tan Club On November 4.(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 18.—President Wilson will open his campaign for his national defense program in a speech before the Manhattan club in New York, on the evening of November 4. It will be the president's first public utterance on the subject since he approved the plans prepared by Secretaries Garrison and Daniels, and the speech is expected to be of significance because the president is expected to disclose the reasons he will urge upon congress why the United States should be more adequately prepared for defense.

Today the president received a letter from the Maryland peace delegation for national defense asking him to take steps to assure the United States against attack from abroad. The letter was signed by Gov. Goldsboro, Senator John Walter Smith, Representatives Coady, Linthemann, and Talbott and many business men, bankers, lawyers, judges and others.

It was declared in the letter that people of Maryland believed the president should use his influence to place the United States in a position to protect itself and its citizens from acts of aggression or oppression by any foreign power.

The five-year naval building program which contemplates the addition of 16 capital ships to the navy by 1925, will tax the normal capacity of American shipyards in the opinion of the navy officers.

Secretary Daniels said today that the fact had weight in determining over what period the expenditure of the \$50,000,000 which will be asked was to be distributed. American yards now are busy with new ships and have contracts to keep them engaged for several years.

WILLIS IS BACK
FROM VACATION;
VISITS PARENTS

Columbus, Oct. 16.—Governor Willis spent his first day in Ohio on his return from his western trip, today turning from his western trip, today with his aged parents, Mr. and Mrs. J. B. Willis and his daughter, Helen, an Ohio Wesleyan student, at Delaware. Mrs. Willis also was with him there. They left other members of the party, C. A. Jones, secretary of the state tax commission, and Mrs. Jones and Adjutant General B. W. Hough at Mifflord Center early this morning and went on to Delaware without coming first to Columbus. The governor is not expected to be in his office until tomorrow morning.

Mr. Jones and General Hough reported a good trip without any misfortune or material derangement of the pre-arranged program.

Signs of a flood of visitors became evident at the governor's office early today despite the fact that the governor had not yet returned. Chairs and settees in the reception room which had not been occupied since before the governor left September 21, were filled with callers who had expected the governor to arrive here today. It was said Governor Willis would decline to see most visitors for several days, while he works on a mass of accumulated correspondence and state business.

Washington, Oct. 18.—The Pan-American conference today decided to extend formal recognition tomorrow to General Carranza as "the chief executive of the de-facto government of Mexico," by presenting a note to Eliseo Arredondo, his authorized representative here.(ASSOCIATED PRESS TELEGRAM)
Brownsville, Texas, Oct. 18.—The first firing across the Rio Grande in more than three weeks occurred at 4 o'clock Sunday morning near the Mercedes pumping plants, thirty-five miles above here, when Mexicans fired from 35 to 40 shots. The American soldiers returned the fire but no one was hurt.(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 18.—Carranza reports today say Toluca, near Mexico City, has been taken from the Zapata forces, that nearly half the state of Chihuahua is completely controlled by Carranza troops, that Juarez is cut off from the interior and that many towns in the north are arming against attack by Villa forces.

It was reported that before evacuating Parral, Villa troops sacked the city. Food supplies in large quantities were said to be arriving in Mexico City. One dispatch reports the defeat of Rafael Bulma, a Villa leader, on the west coast, whose force at Tepic fled to the mountains. The value of Carranza paper continues to increase with the prospect of recognition. Reports that Zapata soldiers are threatening Americans are discredited today in dispatches which say no Americans are known to be in his territory.

General Carranza's war office has moved from Vera Cruz to Mexico City.

Determination of the form on which recognition of the Carranza government in Mexico shall be extended, was the object of a conference here today of the Pan-American diplomats. The conference had been called by Secretary Lansing and meeting with him were the diplomatic representatives here of Brazil, Chile, Argentina, Bolivia, Uruguay and Guatemala.

Recognition by countries having diplomatic representatives in Mexico, it was believed would take the form of a renewal of relations in an official way.

The United States and other countries now without representation in Mexico City, were to accord recognition by presenting a note to General Carranza through Eliseo Arredondo, declared that the only organized opposition to the Carranza government was confined to portions of the states of Sonora and Chihuahua adding that an expedition had been sent to Sonora to assist constitutional forces there in smashing the Maytoreno army. The statement also announces the surrender of many former Villa officers.

Mr. Jones and General Hough reported a good trip without any misfortune or material derangement of the pre-arranged program.

Signs of a flood of visitors became evident at the governor's office early today despite the fact that the governor had not yet returned. Chairs and settees in the reception room which had not been occupied since before the governor left September 21, were filled with callers who had expected the governor to arrive here today. The other dead were victims of a

pierced a gas main causing a fire

which lasted several hours before

the gas could be cut off. A driver

New York, Oct. 18.—Charged with

the mission of locating families and

relatives of Jewish residents of

America in the various war zones of

Europe, Isidor Hershfield, a lawyer

of this city will leave for Europe on

Thursday. Mr. Hershfield will act as

representative of a number of Jewish

societies including the Hebrew Shel-

lering and Immigrant Aid Society of

America. It was announced here that

the state department at Washington

has given its approval of Mr. Hersh-

field's trip and it has been sanc-

tified by diplomatic representatives

of the countries he will visit.

In addition to work of relief Mr.

Hershfield will undertake a study of

the conditions of Jews in Europe and

will endeavor to spread a knowledge

of American immigration laws with

a view to discourage the coming to

this country to those who would be

excluded.

It is estimated here that 1,500,000

Jews have been driven from their

homes in Europe and the Hebrew

societies have received thousands of

letters from all parts of the United

States from persons who are anxious

to locate relatives abroad.

One of Mr. Hershfield's objects

will be to ascertain how many Jews

are likely to come to America in

the next year so that preparations

can be made for their arrival and to

distribute them throughout the country.

The general manager of one of the

Hebrew societies here estimated

that from 250,000 to 500,000 Jews

WHEN CONSTIPATED OR BILIOUS GIVE "CALIFORNIA SYRUP OF FIGS."

Look at the tongue, mother! If it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at the drug store for "Wysth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick, all nail rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is expensive and cannot injure; makes a delightful, effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Mr. Kent has probably never appeared in a role which shows him to such excellent advantage as that of Dick Mason, the young clubman who pretends to be a farmer when he meets Elsie Dunbar, a spoiled child of society, who is sunbathing out in the country. Elsie, in turn, deceives Dick by pretending to be a farmer's daughter. Later, the two are lead to mistake each other for burglars and, together with a sure-enough burglar, are wanted to the village lock-up. The circumstances leading up to this are just crammed with laughter and excitement. Be sure you see "The Pretenders."

Chicago, Oct. 18.—Seventy-four violations of the Sunday saloon-closing law were recorded in revised police reports today, increase of 46 over the number reported a week ago when Mayor Thompson's order went into effect. Thirty-five of the violations consisted of obstructing a view of the bars.

Arrests for intoxication kept pace with the increase on the list of closing violations. A week ago Sunday fewer than thirty arrests were made. Yesterday fifty persons were arrested for drunkenness. The average number of Sunday arrests is 75. Chief of Police Healey said, however, that the Sunday closing has decreased the amount of crime to a very considerable extent.

All cases of violations will be submitted to Mayor Thompson tomorrow with the recommendation that licenses be revoked.

Newark Team Wears Out Tigers And Scores Easily In the Third And Fourth Periods Sunday

McDaniel's football team, organized this year as the Newark Independents, defeated the Mansfield Tigers Sunday afternoon at Wehrle Park by a score of 43 to 0 in the best game played yet this season. The first two periods passed with little scoring, single touchdowns and a drop kick from the field, being the only points scored in the first 25 minutes play. But Mansfield was unable to stand the grueling punishment given by the Newark athletes and in the last two quarters, Newark scored easily.

Quarterback Leuthner of the Mansfield team, suffered injuries in the last few minutes of play which put him out of the game and under the care of Dr. H. H. Baker. He was removed from the park in the Baker ambulance. It is said however, that his injuries had nothing to do with the scoring for the game ended soon after play was resumed and Newark did not score after Leuthner left the game.

Forward passes were responsible for the Newark victory. This play failed repeatedly in the first two periods, only one or two gains being made on the aerial attack. However, in the last two periods Newark got the play to working properly and Mansfield's long gains resulted.

Mansfield's attempts to use the play, were directly responsible for two of Newark's touchdowns. Twice Halfback McCarthy intercepted a Mansfield pass and carried the ball over for a touchdown. Once he made a run of 30 yards and again for 40 yards to cross the line.

Newark's kicking improved yesterday. Three goals from touch-downs were kicked and Hager scored the first points on a drop kick from the 20 yard line the ball going true to its mark.

Mansfield's defense was the best that Newark has faced this year. The line held repeatedly and on several occasions, Orr found it necessary to punt when the Mansfield line resisted the Newark attack.

Newark's gains through the line, which have heretofore resulted in advances of 20 to 30 yards, were cut down by the Mansfield resistance. The average gains on each play yesterday were three to five yards. A few gains of 10 and 15 yards were made on line plays or end runs but they were the exception. Only when the forward pass worked satisfactorily were the gains longer.

The last play Newark made was on a forward pass which netted a gain of 25 yards. Davis received the ball from Orr and was tackled on the Mansfield 3-yard line and the next instant time was called for the end of the fourth period.

McCarthy, Jenkins and Colby were the new stars in the Newark firmament yesterday. Orr, Hager, Davis and Keyes played their usual consistent game. Long did not show as well as in the game a week ago. Captain Kiley was out of the game with a bad leg.

Quarterback Leuthner's injury consisted of a dislocated shoulder. He was taken in the ambulance to Dr. Baker's office where the injury received attention and he returned to Mansfield with the team last night.

The accounts and records in the Auditor's Office are kept in SPLENDID CONDITION. The forms prescribed by our Bureau are in use, and are correctly kept. All vouchers and other papers are carefully filed and readily accessible.

On Wednesday, October 27, an indoor inning will be held at the armory. Arrangements are being made by the entertainment committee, Messrs. Fletcher S. Scott, Dr. H. H. Baker and John Ankels, to secure eloquent orators of state reputation to respond to toasts on that occasion. Exalted Ruler James R. Cooper, himself an officer of the state association, is in correspondence with State President Edwin C. Slough and that gentleman will probably be present on that occasion to meet with the local Elks. The indoor inning will be a banner event.

It had been the intention of the entertainment committee to hold an asphalt dance on Hallowe'en eve on North Fourth street but the plan has been changed to Hallowe'en eve on account of inclement weather so late in the season. It is hoped to give this dance later on. In its stead a dance will be given Thursday evening, November 18, at Assembly hall. A fine turkey dinner with all the appointments will be served at that time by the caterer. The committee is preparing the program for the winter social season which will include the delightful afternoon card parties and teas for the ladies.

For Mayor of Newark.

The editor of the American Tribune was out of town several days last week attending the Knights Templar concclave at Toledo. While we are not making apologies for the American Tribune, we do feel that Mr. Long should not be blamed for the blunder in attacking ex-Sheriff Slabaugh's clean record.

Hunting cannot continue with much satisfaction to anyone unless shooting for the market is closely limited or forbidden. Let the pot hunter go to work like other people at more regular employments. His family will be better off. The instinct for hunting for sport is normal and well worth encouraging.

It brings health and diversion to millions of men. It provides an element of zest for the life of the farmer and all living in wooded and marshy districts. It is time to stop the extinction of many declining varieties of wild life. These varieties have little to fear from the true sportsman who realizes the necessity of strict game laws, and is willing to give the game the chance to replenish itself.

Seventeen members of the Republican state central committee, a majority of whom are state officials by appointment of Willis, passed a weak blanket endorsement of the Willis administration, having rejected a specific and unequivocal resolution offered by the governor's "boy scouts." And again they ignored the McDermott law referendum. Looks like here was more work for the Reid-Secret Detective Agency. Willis certainly can't blame the Democrats for this.

In the recent electric light campaign Mayor Biggs's director of service espoused the cause of municipal ownership while his director of safety opposed the bond issue on the ground that it was more economical for the city to buy its current instead of producing it. The mayor himself sawed wood and said nothing.

Nine hundred and seven women registered in Newark Saturday making a total of 1364. The total male registration is 8,915. It is evident that the women intend to take a hand in the selection of three members of the board of education as they should. There are nine candidates, and three are to be elected. May the three best men win!

Members of the United Brethren church are raising a fund for the construction of a church in Mary Ann township. Frank E. Slabaugh, Democratic candidate for mayor of Newark, has given to the United Brethren church a lot upon which the new edifice will be erected.

Virtually every ministerial and philanthropic conference that has met this year has endorsed President Wilson's course as patriotic and proper. How little then seem the puny efforts of partisans to malign and baffle him.

Frank E. Slabaugh is a man of force and character. He can represent the city on formal occasions with dignity and he can direct its policy with fairness and intelligence.

Herbert Hannigan, one year from West Virginia, a cement worker, has just been appointed state lake shop inspector. How consistent!

Newark School Election

The thirteen hundred sixty-four women whose names are upon the Newark registration books will have an opportunity to express their choice for members of the Newark board of education on November 2. There are nine candidates, three of whom are to be elected.

The Advocate believes that the schools should be free from political influence and that no man should be elected as a member of the school board simply because of his political affiliation. Men of the highest type, men of the best character and ability should be elected.

The Advocate will not attempt to say who should win in this school election but will publish sketches

The Country With Wilson.

(Washington Post.) "Notwithstanding all the jingoism you read about these days—the cries that the national honor has been assailed and that the only course left open to maintain our integrity is to sever diplomatic relations with Germany—I do not find the people I have met in my travels the past few months in a belligerent attitude," said Bert Shotton, of St. Louis, at the Raleigh.

It is a noteworthy fact, in connection with our international differences, that practically all the people are with President Wilson. I have traveled thousands of miles and have met people in all walks of life, and I have found scarcely any who has not an abiding faith in our President and an argument to back it up."

"I cannot say that I am in favor of all or the policies of the present Administration. I cannot say that the tariff as legislated by the Democrats in Congress appeals to my way of thinking, but I will say for the President that the friends he has made by reason of his attitude in these trying times are legion. Politics seem to have been lost track of. There are no party lines where I have been. The people seem to have become united in a common cause, and that it is that we will have peace with honor. One runs into some adverse comment regarding the shipment of munitions to the allies, but that is a side issue, and those whom I have discussed that question with can advance no argument to substantiate the claim that the United States is doing anything not in accord with peace and harmony."

Villa is reported to be making ready for a last stand. It may be before a firing squad—Washington Post.

The State of Utah is going to deprive the I.W.W. Workers of their song writer, hence the loafers are threatening the life of the governor.—Rochester Herald.

No better news could come from the City of Mexico than the word to the headquarters of the Red Cross in Washington that its representatives are coming back because there is no more need for famine relief. This justifies the claim of Gen. Carranza that he could take care of the situation.—Springfield Republican.

Columbus wanted Spain to guarantee his descendants one-tenth of all the wealth of the territory he discovered. If the thing had fallen through and the descendants still lived, what a lot of taxes they would have to swear off!—New York Mail.

Rippling Rhymes

Autumn Leaves.

The Autumn leaves are falling, and poets heave a sigh, and say that Nature's calling on living things to die. A pensive melancholy Fall months to poets bring; but I am fat and jolly and gambol as I sing. I do not think of hearse when Autumn zephyrs wail, but write some cheerup verses, and earn nine kinds of kale.

The skies are dark and dreary, the rain begins to sput, but people should be cheery unless they have the gout. The wind is chill and snappy, the earth is dank and wet, but people should be happy, unless they are in debt. The wind will soon be piling big snowdrifts on the plain, but people should be smiling unless they are insane. I love all kinds of weather. The Autumn well, when we all sit together around the fire and yell, and keep the corn a-popping, each in his easy chair; the Autumn leaves are dropping—it's little that I care. The Autumn leaves are falling; I let the blamed things fall; my phonograph is squalling, "Dear Days Beyond Recall." There's fire-light on the rafter, and kidlets on the floor, around me joy and laughter, and neighbors at the door.

The Problem of Foreign Exchange. Whether the high protectionists like it or not, goods are paid for with goods. When Europe employs itself in war it has fewer things to send us and it wants to buy more. This condition impedes trade, causes a rise in the value of the means of payment, and the American seller gets somewhat less for his stuff. It then becomes necessary for our foreign customers to get some sort of credit here, just as it is necessary for a Nebraska farmer whose corn crop has failed to get credit at the bank. It is important for us that France and England get this credit established just as it is important for the storekeeper that the farmer be enabled to buy. The negotiations for a loan are very complicated, but the essential point to help trade keep going.

"The one on the double eagle," replied the grouch.

Fact.

Mind your own business and devote
Your time to making in,
For you are bound to be the goat
If you keep butting in.

Huh!

"Over in England, my home is my castle," bragged the Englishman.
"Well," replied the American, "you needn't get up in the air about it."

No Joke.

Don't let a knocker scare you, boy.
Just laugh at the poor bone;
He says he has your number, but
He doesn't know his own.

Giddap!

"No," replied Brown. "Why do you ask?"

"Oh, he puts on millions of airs," replied Jones.

Advice.

It's all right when your work is done.

But don't have an off day, my son,
Unless it's your day off.

Strange.

Our English often makes me grin,
It's queer beyond a doubt,
For when a man is "taken in"
He often feels "put out."

SUFFRAGE HATS TO BE WORN BY WOMEN IN MONSTER PARADE

Miss Alberta Hill wearing suffrage hat.

New York's men will have to give women the vote if it takes the "suffrage hat" to persuade them to this course. For the high potentates of the Empire state suffrage camp have decreed that in the monster suffrage parade, which is to take place Oct. 23, the suffrage hat is to be worn.

Music

There are two excellent reasons why a large audience should greet Mr. Walter Bentley Ball, the Newark baritone, who gives a recital at the Second Presbyterian church tonight at 8 o'clock. The first one is that Mr. Ball will sing a program that will give pleasure to all who hear it, for he will sing it well.

The second reason is that the proceeds from a silver offering which will be received, are to go to the City Library, a Newark institution, that is in all respects worthy of the generous support of the public.

Miss Florence M. King gave the third of her October organ recitals at the Second Presbyterian church at 4 o'clock Sunday afternoon. A good audience attended, who enjoyed the hour's music thoroughly. The next and final recital will be given next Saturday.

Let us make it as strong as we can: Fels-Naptha is not like any other soap. No other soap ever made, whether you call it hot-water or cold-water soap, can do what

FELS-NAPTHA

does.

It's the naptha combined with other harmless cleansers that loosens the dirt and dissolves the grease and does what hard rubbing and boiling take twice as long to do.

Just as wonderful for all household cleaning.

WHAT IS YOUR OPINION

Of the perfect all-fuel stove? Wouldn't it be one that burnt hard coal, soft coal, coke or wood economically and successfully, without any change in its construction? Wouldn't it be one that would be tight—hold fire forty-eight hours? What more could you ask? Almost any kind of stove heats, if you burn enough fuel, but fuel costs money. Exhaustive search and comparison fixed our choice on the ROUND-OAK-FOLKS, manufacturers of the Genuine Round Oak stoves, and on their "DOUBLE BURNER," as representatives of our ideal in stove construction. Here is a stove manufacturer that knows, and a stove that gets Results.

Burns most successfully and with greater economy, all fuels. Is air-and-gas-tight for life, perfect in control; ideal floor warmer; handsome, symmetrical, pleasing to the eye, and, in our judgment, so nearly perfect that it has our unqualified recommendation. It's a proved success. Your personal investigation is urged. Have one set up in your home this season.

MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child

my 18 year old daughter had female

weakness. I spoke to three doctors

about it and they did not help her any.

Lydia E. Pinkham's Vegetable Com-

pound had been of great benefit to me,

so I decided to have her give it a trial.

She has taken five bottles of the Vege-

table Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking

the Compound and her periods did not

come right. She was so poorly and

weak that I often had to help her dress

herself, but now she is regular and is

growing strong and healthy."—Mrs.

THE STORE THAT SERVES YOU BEST

PHENOMENAL IS ITS WIDE SCOPE

Gay Street Resident Tells How Much Disease-Ground Nerv-Worth Covers.

"As to the remedial qualities of Nerv-Worth I can truthfully testify. As a nerve-tonic and stomach regulator it is phenomenal. As a curative agent for rheumatic condition conditions it is also fine. Previous to the taking of Nerv-Worth my sleep was broken and restless. Since taking it my sleep is sound, refreshing and invigorating. I would gladly recommend it to all of a nervous debility condition."

These are very calm and moderate words but they go deep. Their author is Mr. E. E. Haines of 93 Gay street, and were written to Druggist T. J. Evans who sells Nerv-Worth in such large quantities at his Warden block store. These home evidences in Nerv-Worth's fame has given it a high standing in Newark. They have had much to do with the remedy's local sales.

Mr. Evans gives your money back if Nerv-Worth fails. \$1.00 a bottle, Adv.
